Covid-19 has transformed international travel and each country has implemented unique entry requirements that are changing constantly.

If your required destination is not showing any information on entry requirements, please scroll down the page to find additional notes. Working closely with these destinations to ensure they're ready to accept our clients. Once you decide on your next adventure, you can book in absolute confidence for travel in 2021.

Below is the list of countries clients can currently travel to safely and securely. We work closely with these destinations to ensure they're ready to accept our clients.

Please note: "Fully vaccinated travelers" refers to travelers who have received all required doses of the vaccine and are traveling more than 2 weeks after receiving the last dose.

AFRICA & MIDDLE EAST

- **Egypt:** Fully vaccinated travelers require proof of vaccination with a QR code. Non-vaccinated travelers require a negative Covid-19 PCR test taken within 96 hours prior to departure of final flight into Egypt. All travelers require proof of health insurance.
- **Ghana:** All travelers arriving by air require a negative Covid-19 PCR test taken within 72 hours prior to departure. Upon arrival, travelers over the age of 5 must take a Covid-19 PCR test (results in 30 minutes). All land and sea borders remain closed.
- **Jordan:** All travelers require a negative Covid-19 PCR test taken within 72 hours prior to departure (travelers over the age of 5), health insurance covering Covid-19 treatment for the entire trip, proof of residence for the 14 days prior to travel, and must complete an online declaration. A second test upon arrival is required for non-vaccinated travelers. Curfew currently in effect 11:00pm to 6:00am daily.
- **Kenya:** All travelers require a negative Covid-19 PCR test taken within 96 hours prior to travel and a completed Travelers Health Surveillance Form. Curfew currently in effect 10:00pm to 4:00am daily.
- **Morocco:** Fully vaccinated travelers require proof of vaccination. Non-vaccinated travelers require a negative Covid-19 PCR test taken within 48 hours prior to arrival. Travel suspended from some transit destinations. Curfew currently in effect 9:00pm-5:00am daily.
- **Mozambique:** All travelers require a negative Covid-19 PCR test taken within 72 hours prior to boarding, a health screening on arrival, and must complete a health questionnaire. Curfew currently in effect 9:00pm to 4:00am daily in the greater Maputo area.
- **Namibia:** All travelers require a negative Covid-19 PCR test taken within 7 days prior to flight check-in, a health screening on arrival, and must complete a short health questionnaire.
- **Oman:** All travelers (18 years and above) require proof of full vaccination with a QR code, a negative Covid-19 PCR test taken within 72-96 hours prior to departure, and must register in advance.
- **Seychelles:** All travelers require a negative Covid-19 PCR test taken within 72 hours prior to flight departure, health insurance covering Covid-19, and an approved Health Travel Authorization. Not open to arrivals from South Africa.
- **Tanzania:** All travelers require a negative Covid-19 PCR test taken within 72 hours prior to arrival, a completed Health Surveillance Form submitted prior to arrival, and must take a Rapid test upon arrival.
- **Uganda:** We recommend vaccinated travelers only. All travelers will also take a Covid-19 PCR test upon arrival and self-isolate until receiving the result (typically under 12 hours). For departing Uganda, all travelers require a negative Covid-19 PCR test taken within the last 72 hours within country. Curfew currently in effect 9:00pm to 6:00am daily.

- **UAE:** All travelers require proof of medical insurance, a completed health declaration form, and must take a Covid-19 PCR test upon arrival (self-isolating until receiving the results). For Dubai, all travelers require a negative Covid-19 PCR test taken within 72 hours prior to arrival. For Abu Dhabi, all travelers require a negative Covid-19 PCR test taken within 72 hours prior to flight to Abu Dhabi, and will also need to take a test on Days 4 and 8. Non-vaccinated travelers to Abu Dhabi will take another test on Day 12 too.
- **Zambia:** All travelers require a negative Covid-19 PCR test taken within 72 hours prior to arrival, a health screening on arrival, and must complete a health questionnaire. Travelers coming from South Africa are required to do a 14 day quarantine upon arrival, unless fully vaccinated.
- **Zimbabwe:** All travelers arriving by air require a negative Covid-19 PCR test taken within 48 hours prior to departure, a health screening on arrival, and must complete a health questionnaire. Curfew currently in effect 10:00pm to 5:30am daily. Land borders with Zambia now open to fully vaccinated travelers."

ASIA & THE PACIFIC

- **Maldives:** All travelers require a negative Covid-19 PCR test taken within 72 hours prior to scheduled flight departure and must submit a Traveler Health Declaration.
- **Sri Lanka:** Fully vaccinated travelers require proof of vaccination, an e-visa, a negative Covid-19 PCR test taken within 72 hours prior to boarding, and a Covid-19 PCR test taken upon arrival at the first hotel. Fully vaccinated travelers have restricted movement whilst awaiting a negative result (24-48 hours), after which travelers can travel freely. Also open to non-vaccinated travelers with stricter restrictions.

MEXICO & THE CARIBBEAN

- **Antigua:** All travelers require at least one dose of an approved vaccine, and a negative Covid-19 PCR test taken within 4 days prior to boarding. Travelers must sign a quarantine form, committing to remain on the resort's property except for certified tours and restaurants. Curfew currently in effect 8:00pm to 5:00am daily.
- **Bahamas:** All travelers require a negative Covid-19 PCR test taken within 5 days prior to arrival, a Bahamas Travel Health Visa, and mandatory COVID-19 health insurance. Fully vaccinated travelers require proof of vaccination. Non-vaccinated travelers will be required to take a rapid antigen test on day 4 of their stay. Curfew currently in effect at night on certain islands.
- **Barbados:** Open to fully vaccinated travelers with proof of vaccination and a negative Covid-19 PCR test taken within 3 days prior to travel. Fully vaccinated travelers will take a Covid-19 PCR test upon arrival, and quarantine on the resort's property until receiving a negative result (1-2 days). Curfew currently in effect 9:00pm-5:00am (Fri-Sat) & 6:00pm-5:00am (Sun-Mon). Also open to non-vaccinated travelers with stricter restrictions and a 5 day quarantine.
- **Grenada:** Open to fully vaccinated travelers with proof of vaccination, a negative Covid-19 PCR test taken within 72 hours prior to travel (travelers over the age of 5), and a travel authorization. Fully vaccinated travelers will take a Covid-19 PCR test upon arrival and quarantine on the resort's property until receiving a negative result (48 hours). Children under 13 can also enter and quarantine for this 48 hours with vaccinated parents. Also open to non-vaccinated travelers with stricter restrictions and a 7 day quarantine.
- **Mexico (Los Cabos):** Open to all travelers with no testing requirements.
- **St. Lucia:** Open to fully vaccinated travelers with proof of vaccination and a negative Covid-19 PCR test taken within 5 days prior to arrival (travelers aged 5 and over). Curfew currently in effect 7:00pm-4:00am (Sun-Sat) & 4:00pm-4:00am (Sat).
- **Turks & Caicos:** Open to fully vaccinated travelers with proof of vaccination, a negative Covid-19 PCR test taken within 3 days prior to arrival, medical insurance, and pre-authorization via the TCI Assured portal. Curfew currently in effect 1:00am to 5:00am daily.

LATIN AMERICA

- **Bolivia:** All travelers require a negative Covid-19 PCR test taken within 72 hours prior to arrival. Travelers also need to complete a health form on arrival.
- **Brazil:** Open to travelers arriving by air only. All travelers require a negative Covid-19 PCR test taken within 72 hours prior to boarding, and a Health Declaration form.
